Word Study for --- NEIGHING

A scenic view of a deep canyon with layered rock formations and green vegetation. The canyon walls are steep and show distinct horizontal geological strata. The foreground is filled with green shrubs and trees, while the background shows the vast expanse of the canyon under a clear sky.

**Jer 08:16 The snorting of his horses
was heard from Dan: the whole land
trembled at the sound of the neighing
of his strong ones; for they are come,
and have devoured the land, and all
that is in it; the city, and those that
dwell therein.**
