Word Study for --- SLIME

A photograph of a coastal landscape. In the foreground, there's a sandy beach with some low-lying green plants. To the left, a large, weathered concrete structure, possibly a ruined pier or part of a wall, stands in the water. Behind it are several tall, jagged rock formations rising from the sea. One prominent rock formation on the left has a rough, textured surface. In the background, there's a larger, more rounded island or headland covered in green vegetation. The sky is overcast with grey clouds.

**Gen 11:03 And they said one to another,
Go to, let us make brick, and burn them
thoroughly. And they had brick for
stone, and slime had they for mortar.**

Exo 02:03 And when she could not longer hide him, she took for him an ark of bulrushes, and daubed it with slime and with pitch, and put the child therein; and she laid [it] in the flags by the river's brink.

A woman with long dark hair is holding a small, light-colored baby in a woven basket. The basket is covered in a dark, textured material, possibly pitch or resin. They are standing on a sandy or rocky bank next to a body of water. In the background, there are some low-lying plants and a distant shoreline.
